SHREVEPORT.

Departure of Jones, the Lake Providence Post-office Robber, for the Penitentiary--Summoning Witnesses for the U. S. Court.

Special to The Commercial Herald.

SHREVEPORT, La., Aug. 25.--Major A. C. Gibson, U. S. marshal, leaves in the morning for the eastern parishes, to serve papers connected with the U. S. court in Monroe, La., in October.

The suit of Judge Wade P. Bough, for damages against returning officers and commissioners of election, claiming that they conspired and connived him out of his election to the judgeship of the Concordia parish district, comes up at this court.

R. L. Jones, late postmaster at Lake Providence, La., convicted of robbing the U. S. mail, and sentenced to five years in the Chester, Illinois, penitentiary, leaves here to-night in charge of Deputy Sheriff Lem Gustine and Campbell Jones. His sentence dates from February last, and he has been confined in jail here since conviction in May last, owing to a change of United States marshals.

Dennis Boyd, colored, sentenced to death for the murder of David Haas, white, last Christmas day; John Kervine, colored, sentenced to ten years for manslaughter, and Beauregard Hardy, colored, sentenced to twenty years for manslaughter, at the Bossier parish court, were brought here to-day and jailed by Deputy Sheriffs Adger Ellison and March Morrow. Boyd awaits the day fixed by the governor. Kervine was granted a new trial, and Hardy left for the penitentiary on to-night's train.

Several other prisoners were brought from Bossier, sentenced for minor offenses. They are kept in our jail, the Bossier jail having been destroyed by fire.

The Strike at Meridian Ended and Trains Resume.

Special to Commercial Herald.

MERIDIAN, Aug. 26.--The strike is ended. The men agree to accept their pay and quit the service of the company. As soon as the strike was raised the trains were put in motion and in a very short time the operations of the roads were resumed. The same good order and sobriety characterized the strikers to the last. Not an instance of disorder has occurred during the three days the strike existed. It is understood that a committee of the strikers has been appointed to explain the causes of their action to workmen sent here to take their places, and it is plain they do not believe good men will agree to work under such circumstances. The citizens have petitioned that the men be re-employed.

An Old Citizen Buried--The Meridian Strike Seriously Interfering with Business.

Special to Commercial Herald.

JACKSON, Aug. 25.--George W. Sullivan, an old and highly esteemed citizen, was buried to-day from St. Andrews' Episcopal church.

The strike at Meridian on the Queen & Crescent railroad is interfering greatly with merchants all along the line of railway, and they are beginning to loudly complain at the delay in freights. The merchants in this city have a great deal of freight locked up at Meridian, which they are badly needing. The strike has been in progress several days, and there seems to be little prospect of an early settlement, as it is believed the strikers ask for more than the road, owing to the dullness of business, can give.

An Important Road.

Among the branch roads leading into populous and fertile neighborhoods there is none perhaps of more importance, as compared with its length, than the old Barefield and Bryant Willis road, which intersects the city cemetery road at the old Hough gin, now owned by Mr. Middleton, and running in a northerly direction about the distance of three miles, intersecting the Yazoo Valley road at a point on the old Barefield tract near Sebron King's gin-house. This road has been in existence during the past two decades, and although never a public road, has been so considered and the board of supervisors have appointed an overseer and designated hands to work as far back as can be remembered by our oldest public citizens; besides the county has built bridges and done such other necessary work as is customary on public roads. This road has been the only available outlet to a number of thrifty farmers, among whom we would mention Messrs. Sheehan, Kleinman, Standard, Brabston and Willis, all white, and 35 colored farmers who are rearing land and farming in the neighborhood. All went well with the road, and in fact many supposed it was a public road until sometime since, when Mr. Sheehan claimed \$150 for damages for the road running through his place. Not receiving the money he refused to allow it to be used longer as a road, and verified his refusal by cutting a ditch four feet deep and four feet wide in the center of the road. This resulted in a petition from those interested to the board of supervisors, praying that they survey and condemn said road, also recommending some slight change in its north end meanderings. The board appointed commissioners to locate, and afterwards a jury to appraise damages on the same. The result was Mr. Sheehan claimed \$150, and Mr. J. H. Brabston \$600 for passing through their places. This seemed to stop the board in their action, and the matter has been hanging fire through the past three or four meetings, and is as yet as it was in the beginning.

It is estimated that six hundred bales of cotton will be raised in that neighborhood this season and a large amount of it has to be hauled over this road; and now that the season for hauling cotton comes apace these farmers realize that the board of supervisors have left them isolated and cut off from market as it were and demand that something be done for their relief.

DR. C. P. DUNCAN'S Great Vegetable Kidney Remedy, MEDICATED BLACKBERRY ELIXIR. For the next several months the various troubles of the bowels and stomach, which are so annoying and so often fatal to all ages, sexes and classes of humanity, will no doubt prevail as usual to a great extent. These afflictions are sometimes sudden and always painful. A speedy and effective cure depends mainly upon quick application and efficient remedy, and just here we desire to say that Dr. C. P. DUNCAN'S Medicated Blackberry Elixir, is the medicine of all others to cure all bowel troubles, such as Diarrhea, Cholera Morbus, Dysentery, Summer Complaints, Cholera Infantum, Flatulence, Flax, Pains in the Bowels, etc. The elixir may be given with perfect safety to the most delicate child, in doses as directed, as it contains no harmful ingredient. For sale by all druggists. Price, 30 Cents.

DR. C. P. DUNCAN'S LIVER AND KIDNEY MEDICINE. The great superiority of this medicine over all other Liver Medicines, consists in the combination of those vegetable compounds which possess the wonderful power of arousing the action of the whole human system to a natural and healthy action. It acts upon the liver directly, and at the same time sets up a proper secretion of bile, thus situated in the stomach and bowels. It is a looking up of the secretions of these glands that brings on dyspepsia, indigestion, sour stomach, heartburn, palpitation of the heart, vertigo or swimming of the head, sick or nervous headache, constipation of the bowels, accompanied at the same time with pains in the shoulders, back, sides and limbs. To treat the above symptoms intelligently and successfully, as in all other cases, you must use the medicine that strikes at and removes the causes from the system that produce and bring on the disease. This is effectually done with Dr. Duncan's Liver and Kidney Medicine. Price, 75 Cents.
